Cooking challenge

Cooking is a great natural team building activity, an original and interactive way to entertain and build relationships with your colleagues or your clients.

BERLIN

Berlin is a tremendously dynamic entrepreneurial city. It has become a hub of innovative and entrepreneuring people in Europe, some of whom are building their own ventures, others representing established corporations to connect to this vibrant community.

Day 4

Management of innovation: the German Model

- How corporate structures may inhibit innovative activities beyond incremental advances.
- Interaction between the start-up scene and existing companies in search of breakthrough innovations

Start-up Safari (Plug & play, Alex Springer...)

Alternative Berlin - Street Art Workshop & Tour

Berlin's street art is internationally renowned and fascinating way of exploring the city

Day 5

Entrepreneurship: Berlin as a hotspot for New Ventures

Adlershof Technology Park

As one of the 15 biggest science parks worldwide. Adlershof has been synonymous with innovation for over 100 years. It is the birthplace of German aviation. It contributes to „The Adlershof Effect“, a unique combination of tradition, creativity and innovation.
